The Giving Tree

Lehigh Valley Hospice

LVHN.org/hospice 888-402-LVHN

LEHIGH VALLEY HOSPICE

Lehigh Valley Hospice is a specialized program to care for terminally ill patients and their families. A team of physicians, nurses, social workers, chaplains, aides and other staff and volunteers strive to keep the patient as comfortable as possible by relieving pain and other symptoms. Both patient and family are helped to understand and manage terminal illness. As most patients prefer a familiar setting, care is provided at home whenever possible.

THE GIVING TREE

The Giving Tree is a permanent, hand-crafted sculpture displayed at Lehigh Valley Hospital—17th Street on our Hospice Inpatient Unit. The tree provides a unique opportunity for families, friends, organizations and businesses to memorialize or honor a loved one, friend, family member or colleague through a gift to Lehigh Valley Hospice.

RECOGNITION

The Giving Tree offers family and friends varying levels at which to support the important services and programs of hospice.

*Your gift of \$5,000 or more will be recognized with a **gold apple** that will be placed on the display.*

*Your gift of \$1,000 to \$4,999 will be recognized with a **silver leaf** that will be placed on the display.*

*Your gift of \$500 to \$999 will be recognized with a **bronze leaf** that will be placed on the display.*

Leaves and apples are engraved with an inscription of your choice.

YOUR PARTICIPATION

You are an important partner in maintaining the high quality and comprehensive care provided at Lehigh Valley Hospice, which accepts all patients regardless of their ability to pay or availability of insurance coverage. Your gift will help ensure care for patients and their families.

To participate in our Giving Tree, please complete the response portion of the attached postage-paid envelope, including the wording of your inscription, and return it with your check, payable to Lehigh Valley Health Network. You will receive an acknowledgment upon receipt of your gift. You will be notified when your leaf or apple has been mounted on the display.

Hospice strives to treat the person, not just the illness.

Using a medically supervised team approach, family members participate in the patient's care within the home environment.

As such, hospice is both a system of care and a philosophy that emphasizes choice, dignity, alleviation of pain and emotional support for the patient and family during the illness and bereavement period.
